 Fax (906) 228-1564

The County of Marquette Equalization Department has complete parcel maps of the entire County with the exception of Marquette City which is available directly from the City. Standard parcel maps are 11" x 17" and include the following data: parcel lines with small tracts included, tax identification numbers (no names), roads, rivers, lakes, government lots and section numbers. Most parcel maps have two sections per page, although some areas with many small parcels contain only one half section per page. Color copies of standard parcel maps are \$6, while black and white photocopies are \$3 (note: section numbers do not show up on photocopies). Color copies of standard parcel maps with aerial photos are available for \$10, and custom maps up to 36" x 48" are also available for purchase. All Marquette County Equalization maps require payment before any map product can be mailed or sent via email. Please contact the County of Marquette Equalization, Tax and Parcel Administration Department for custom map pricing, further product information or for ordering. If sending by mail please mail to: Marquette County Equalization Department, 234 W. Baraga Ave. Marquette, MI 49855, or fax to 906-228-1564.
