Marquette County Annual Out of the Darkness Walk

Register at:

afsp.org/MarquetteCounty

New! We will create a community scrapbook – Feel free to bring a pre-decorated 8 ½ X 11 page to add to the book or bring a picture to design your own page on the day of the event.

This activity is intended to create a living document for survivors to honor and remember those lost to suicide, for those with lived experience to share their story, and community members to show their support. The Marquette County Suicide Prevention Alliance will use the scrapbook to promote future walks and suicide prevention efforts in the community.

Proceeds benefit the Marquette County Suicide Prevention Alliance and the American Foundation for Suicide Prevention.
