With the exception of particular living units, hospitals and home health agencies, the directory does not include for-profit agencies, services or activities. Such listings usually can be found in the Yellow Pages of telephone directories or by referral from senior center staff or physicians' offices. Marquette County Aging Services does not promote or endorse any of the included organizations or services. This directory is for the sole purpose of providing an informative resource for the community.

Any questions about the services described should be directed to the contact information and phone numbers listed in each description.
